EDUCATION

University of Missouri - Columbia

Jan 2023 - May 2025

Bachelor of Science, Computer Science

- **GPA:** 3.5
- **Relevant Coursework:** Software Engineering, Data Structures & Algorithms, Artificial Intelligence, Database Systems, iOS & Web Development, Software Security, Object Oriented Programming, Computer Networks, Calculus III, Computational Neural Engineering

PROJECTS

[Globe.us](#)

May 2024

- Daily geography quiz game using a 3D globe with three.js and a custom backend on mongodb.

TigerHacks (36 Hour Hackathon) — [Podsnip](#)

November 2023

- Won **2nd place** (out of 230 participants) in the developer category; collaborated with a team of 4 using GitHub at Mizzou.
- Led development of Chrome extension for clipping and transcribing audio from podcasts.
- Integrated Python Flask server for back-end processing audio transcription with Google Cloud Speech API

Mizzou Data Science AI Hackathon (48 Hour Hackathon) — [CandidateGauge](#)

May 2023

- Won **3rd place** with 2 peers against 10 teams of graduate students; utilized Python and Tkinter for interface design.
- Developed an Applicant Tracking System application with OpenAI's API and Huggingface to enable context-based analysis of job applicants, moving beyond traditional keyword-based filtering.

EXPERIENCE

FAST Enterprises — **Data Analyst Lead** (Centennial, CO)

Jul 2025 - Present

- Lead a team of analysts in conducting reviews on state tax and unemployment claims to provide a fraud recommendation, stopping \$200m+ in identity theft annually.
